

Dare ideas

If a player lands on a dare field (green) they either answer the question or choose the number 1-20 and perform the dare. Alternatively you can ask other players to come up with some, hopefully not too crazy, ideas.

1. Serenade someone in the group
2. Talk in an accent the next three times you speak
3. Dance to a song of a group's choosing
4. Write or draw something embarrassing somewhere on your body (of a group's choosing)
5. Make everyone in the group smile, keep going until everyone has cracked a smile
6. Sell a piece of trash to someone in the group. Use your best salesmanship
7. Imitate a celebrity (of a group's choosing) for 30 seconds
8. Make a funny face and keep making it for 2 minutes while the game continues
9. Imagine something in your room. Now spell it with your nose and keep spelling it until someone from the group guesses what you are trying to spell
10. After the group chooses one word, sing a song of your choice in English and insert that word ONCE into every line of the song
11. Do your best president impression
12. Sing everything you say for the next 10 minutes
13. Wear a finger moustache for the next 5 minutes
14. Go a whole minute without blinking
15. Let each player choose one word, then attempt to form a sentence with it
16. Do your best impression of someone in the room and keep going until someone correctly guesses who it is
17. Imagine the person to your left is your pet, talk to them as though you just got home
18. Make up a song about the teacher
19. For the next 10 minutes everything you say must be spoken in baby talk
20. Propose to the person on your left
